### AN OPPORTUNITY TO BE A PART OF AN INNISFAIL COMMUNITY PROJECT

Innisfail Mini Rail Club is a not-for-profit organisation that is serious about creating a Family Fun attraction at Warrina Lakes. This will involve building a 7 ¼" & 5" railway track around the lake for model trains either steam, diesel or electrically powered. These trains will pull passenger carriages that have seating for children and adults. The club plans to operate once a month on a Sunday but would be available to operate in conjunction with other community events. We believe Innisfail families deserve a close venue where you can have a fun day at realistic prices so parents and grandparents can enjoy some quality time with their children/grandchildren.

Johnstone Shire Council has given preliminary support for the project and the club is working in partnership with the council to ensure that this project proceeds. The club has been overwhelmed with interest and encouragement from councillors, local community groups and residents who all agree that the proposal would allow better utilisation of the facilities at Warrina as a venue for family and community functions.

As you can imagine the costs of materials to build a railway track and main station is substantial but you can be a part of this community project. There are several different ways your business may be able to assist and options are listed on page two.

The club would appreciate if your business would show its support for this community project by ticking the relevant boxes on page two and returning this form to the club. We are presently finalising our business plan and the more letters of community support will strengthen our claims when seeking grant funding.

Should your business wish to provide financial support then any donation is more than welcome and much appreciated by the club. Options include making a donation, sponsoring a metre of track or sponsoring a section of track. The rail carriages are essential plant items and the club will need at least ten carriages operational by our opening day. Sponsoring a full or half carriage would allow the business the right to carry advertising for ten years. We anticipate putting an honour roll on the wall of the station to acknowledge donations & sponsors.

We have the preliminary information on our Webpage and if you would like to see the Townsville track operating. [www.innisfail-minirail.nq.nu](http://www.innisfail-minirail.nq.nu). For those wishing to use internet banking we have banking details on this site for your convenience, details are also shown on the attached page. Please email us your details if you use this facility. Cheque can be made out to "Innisfail Mini Rail Club".

Thanking you in anticipation.
